## TEACHER CERTIFICATION PROGRAM

### ABOUT

Metropolitan Pilates offers the M·A·T Pilates Teacher Certification Program, the most comprehensive Pilates instructor training program in the United States. Founded by renowned master teacher Dorothee VandeWalle, the M·A·T Pilates Teacher Certification Program prepares future teachers for a lifetime of teaching the original Pilates method.

At Metropolitan Pilates, we focus on hands-on instruction with students working side-by-side with Dorothee and her teacher-trainers. The small group environment is designed to deliver an in-depth and comprehensive training experience not easily found in other programs. Upon completion, students receive a certificate of completion of the M·A·T Pilates Teacher Certification Program. Transcripts can be requested at any time.

Students at Metropolitan Pilates study directly with Dorothee VandeWalle who is recognized as one of the leading teacher-trainers and master Pilates practitioners in the world. Dorothee teaches in the tradition of the original, authentic Pilates method. She was the protégé of Romana Kryzanowska—who was the protégé of Joseph Pilates—and started teaching with Romana in New York in 1987. Dorothee teaches her students the techniques she learned from Romana which are as close to the original teaching of Joseph Pilates as is available anywhere in the world today.

Metropolitan Pilates offers an Independent Study Option for students who cannot relocate to Seattle for the duration of the program. This option allows students to complete part of their apprenticeship in Seattle and part of their apprenticeship at a different training center while still having the opportunity to study with Dorothee. Please refer to the Independent Study Option page for more details.

### FACILITIES

Metropolitan Pilates is the primary training center for M·A·T Pilates. Training centers offering the Independent Study Option are located in Oregon, California, and North Carolina. At Metropolitan Pilates training is conducted on the following equipment: reformer, cadillac, barrels, wunda chair, big chair, baby chair, guillotine, pedi-pole, mat, and other auxiliary equipment.

## CLASSROOM INSTRUCTION

Classroom instruction (apprentice meeting) is held throughout the course of the program, every Monday from 12:00 pm to 2:00 pm. These meetings are mandatory and intended to augment seminar teachings with application to real-life clients. Case-study discussions will help prepare students for practical and written exams. Attendance at 85% of the meetings is required. Additional workshops are offered as appropriate by visiting teachers and other teacher-trainers.

## TESTS

Practical tests will be given at the basic, intermediate, and advanced levels of the apprenticeship. Students will be asked to create a 55–60 minute session appropriate for their client. Written tests are required at the intermediate and advanced levels in order to receive final certification in the program. Failed basic tests must be re-taken for a fee of \$200. Failed intermediate and advanced practical tests must be re-taken for \$250 per test. Failed written tests must be re-taken for a fee of \$150 per test.

## ATTENDANCE AND TERMINATION POLICIES

Metropolitan Pilates expects high levels of attendance because full participation is essential to the successful completion of the program. Students are expected to be at the studio to pursue the apprenticeship at least four days a week. Students who must miss apprenticeship hours or apprentice meetings must notify the studio as soon as possible. A student who fails to maintain satisfactory progress, violates safety regulations, interferes with other student's work, is disruptive, obscene, under the influence of alcohol or drugs, or does not make timely tuition payments is subject to immediate termination.

## JOB PLACEMENT

Employment opportunities for Pilates instructors are available nationwide and abroad. Many graduates pursue employment in health clubs, Pilates studios, or open their own studios. Metropolitan Pilates is committed to helping students develop the skills and professional contacts to succeed in their careers.

## INDEPENDENT STUDY OPTION

The Independent Study Option is for students who are unable to relocate to Seattle for the duration of the program. This option allows students to complete part of their practical training at a different training center while still having the opportunity to study with Dorothee.

Students who enroll in the Independent Study Option must present a plan of study with their application. This plan of study should include the name of the studio where the student will be studying, the teacher-trainer who will be supervising the practical training, and how many hours in each stage of the program the student will be completing at the other training center and/or at Metropolitan Pilates.

Prospective students should be aware that the Independent Study Option requires traveling to Seattle at least four times during the course of the program. All seminars and tests must be completed at Metropolitan Pilates. Travel and accommodations are not included in the cost of the program.

The total tuition for the teacher certification program independent study option is \$5,500, payable directly to Metropolitan Pilates in three monthly installments. A training center practical training fee is charged by the studio where the student completes part of the practical training hours. Pilates sessions at Metropolitan Pilates and at the other training center are charged at the rates posted by each studio.
